23 Autumn Begins	24	25 Last Day of Fundraiser!	26	27	28 School Shirt Spirit Day	29/30 

Dear Turtle Families,

We have had an excellent start this school year! Our students are doing a great job with following our rules and expectations and learning is in full swing! Safety Patrol has begun and they are helping patrol our campus. Please remember to have your children wear closed toed shoes. They are the safest for PE and recess. We are having a new fundraiser for students this year. We are doing a Cookie Dough/Catalog fundraiser. You can purchase a variety of items and all proceeds will go towards technology enhancements, school and student programs and teacher grants. If you don't want to purchase any items, you can make a flat donation. We would appreciate that, too! You can write flat donation on the envelope and/or check.

Thank you for your continued support!

Sincerely,

Mrs. Hermansen

NOTIFICATION OF INSPECTION FOR ASBESTOS CONTAINING MATERIALS IN PUBLIC SCHOOLS

The Environmental Protection Agency (EPA) has issued a final rule, 40 CFR Part 763, Asbestos Containing Material in schools, commonly referred to as AHERA. This rule requires all Local Education Agencies (LEA's) to identify asbestos containing materials (ACM) in their school buildings and to take appropriate actions to control the release of asbestos fibers.

All inspections for Lake Myrtle Elementary have been completed and a Management Plan describing the results of the inspection and the action plan to control any asbestos found during the inspection, where applicable, has been submitted to the governor for approval. A copy of this plan is located in the administrative office of this school and at the Pasco County Schools Maintenance & Facility Services Department and is available for review upon request.
